Mr. Woody Carmack, President
Vietnam Veterans in Canada

Maple Ridge, BC

Dear Woody,

Enclosed is a copy of a final report based on my survey of Canadian Vietnam veterans. I've received clearance on the manuscript and have submitted it to the Journal of Traumatic Stress for publication. I've sent copies to several officials within the Department of National Defence here in Canada and will also be sending copies to several CVV group leaders (Lee Hitchins, Robert Beattie, John Brown, Bob Purvis, Mike Ruggiero, and Arthur Diabo). In addition, I will be sending a copy to Senator Inouye.

I really appreciate the help you've provided. I hope the information in the report is useful in helping Canadian Vietnam veterans get the support and recognition they deserve. Feel free to send copies to whomever you feel would be interested. If you have any questions or if there is anything I can do, give me a call. Again, thanks for your help!

Best regards,

Bob Stretch
