

Vets picnic helps heal

Thumbs up to the Vietnam Veterans in Canada for their invitation to veterans of all wars, and peacekeepers, to take part in a picnic this summer.

Unless you've actually fought in battle, it's impossible to truly understand the after effects felt and sacrifices made by a veteran. Picnics, parades and celebrations all do their part to help with healing and honor those who did their part for their country.

This event takes place Aug. 20 at Allco Park and anyone who is interested should call the VVIC at 462-0450.
